EYE BADLY BURNED

Arthur Wilkins, who works in the

foundry at the Fairbanks scale works, was taken to the Brightlook hospital Monday suffering from a very painful accident as the result of getting some molten iron in his eye.

While his condition is not at all serious he suffers considerable pain and it will be sometime before he is able to resume his duties at the foundry.

HEAD BADLY CUT.

Intoxicated Man On Plattsburg Excursion Injured In Row.

Only 15 from this place went on the first Sunday excursion to Plattsburg, although about 200 people got on the train along the St. J. and L. C. road. The precipitation of the morning was not the only dampness in evidence and many when they got off the boat at Burlington were badly intoxicated. Between Burlington and Essex Junction two drunken fellows got into a fight and one pushed the other through a window, cutting a severe gash on the back of his head. Then he yanked the fellow back and cut the front of his head. The wounds bled freely and the car looked more like a slaughter house than a pleasure car.

The men refused to give their names and left the train at Morrisville.

SOCIAL EVENTS.

Last Wednesday afternoon the Fifty club held a most pleasant meeting with Mrs. Ellen Gile on Summer street. Most of the members have been away for the winter and others have been sick, so there had been no meetings for several months. Therefore they proposed to have a little social in order to reorganize and get acquainted again. A very fine supper was served at 6 o'clock and all had a delightful time.

A farewell party, which came in the nature of a surprise was given to two of the most popular boys in St. Johnsbury's French-speaking population Friday night at their home on St. Mary street.

Friday night about 75 friends gathered at their home and "Wink" Smith in a very appropriate speech made the presentation. Refreshments were served and a fine time enjoyed by all.

HARDWICK.

Five-Year-Old Boy Sustained a 27-Foot Fall—Items About Town.

(P. A. Shattuck, Correspondent.)

Master Lawrence Ferris, the five-year-old son of Dr. and Mrs. A. D. Ferris, sustained a 27-foot fall while playing on C. R. Davis' back piazza Sunday forenoon that for narrowness in escaping fatal injury was phenomenal. He was swinging the daughter of Dr. Davis in a rope swing, which had gained some momentum and, Lawrence, having on a new pair of low shoes with the elkskin soles, slipped and pitched out backward and head foremost out through some broken slats in the railing to the garden of I. P. Titus, which luckily had only recently been plowed and was therefore quite soft. In his headlong flight his head barely grazed a granite wall, passing it near enough so that a small tuft of hair and a piece of skin was taken off as though cut with a surgeon's knife. It neither drew blood nor raised a lump on his head. Mr. Davis expected to find the boy dead, but when he looked over the railing Lawrence was scampering away as unconcerned as you please.

Lawrence in remarking to his cousin, Robert Lee Stewart, said, "I'll bet you couldn't do that stunt, Bobbie Lee."

Sunday afternoon the golf links was the gathering place for a large number of players and a goodly number of spectators. Except for one or two rather wet places the course is considered to be a fine one. It is a nine-hole course, and so far, H. E. Eastman seems to be the record holder, doing it in 59 at one time, and anywhere from that number up to 63 and 65. Others are pressing him close, though. The ladies are getting the fever, too, and every day sees some of the fair sex at the links, at least practicing the swing.

Fred Shipman went the latter part of last week to Portland, Me., for a visit. He was accompanied by his daughter, Mrs. Carroll Leach.

Pierce & Johnson have purchased an International truck to use in their increasing business. The firm is fast getting their new garage on Wolcott street into shape for business. They will have an office room about 15x20 feet, a work room about 40 feet long by 20 feet wide, and the remainder of the 105-foot building will be used for storage of cars.

C. T. Pierce was a business visitor in Barre Monday.

H. R. Kimball was in St. Johnsbury Thursday.

Malachi Little is home from New York City.

Jack Walsh has bought a second hand auto.

G. E. Hunt of Montpelier was a business visitor in town Thursday.

C. M. Leach, proprietor of the Idle Hour theatre is tearing down the barn located back of his residence on Mill street and just across the road from his theatre, and it is understood that he will erect an open air theatre for the summer, thereby giving the much-needed ventilation that he is unable to give in his present quarters. This will be a very appreciable move.

A full attendance of Boy Scouts is desired at the regular meeting this week Friday evening at the M. E. church.

There will be a change of time go into effect on the St. Johnsbury and Lake Champlain railroad on Monday, June 26.

Two brothers, Ezra and Arthur Peters, were before Judge Frye in municipal court here Monday, both on intoxication charges, the former for a second offense and the latter for a first. They paid their fines.

Mrs. Harry Drew arrived home the first of the week from a visit with her parents in North Troy, Vt.

F. B. Brodie has moved to Bellows Falls, where he has employment.

T. W. Green has gone to Montpelier where he expects to find work.

G. Bardelli died Wednesday morning of tuberculosis. Mr. Bardelli was a respected Italian citizen, and had been a resident of this town for several years. He was for some time engaged in the granite business, both as a cutter and manufacturer. On account of his health he gave up that trade a few years ago and has conducted a small cigar, tobacco and grocery store at his place on Wolcott street, until his fire a year ago. Funeral arrangements have not been made as yet.

A large delegation of young people were in Wolcott Tuesday evening to attend the play and dance. All report a fine time.

Quite a number of K. P. members motored to Orleans Tuesday afternoon, where the order took part in a K. of P. celebration.

Nelson McLeod, who visited his parents the first of the week, returned to his work in Windsor, Tuesday night.

E. Fairman Crane and Alfred Blackhall, Burlington U. V. M. students, were home from that institution for Decoration day.

Arrived at the home of Mr. and Mrs. George Law, Monday, a daughter.

Mrs. Mary Wakefield Houston, who generally spends her summers here, arrived in town last Tuesday night, and at present is stopping at Mr. and Mrs. J. H. McLoud's.

Mrs. Maria DeFord was in Jeffersonville Tuesday visiting friends.

J. A. Withers has sold his farm on West Hill to John E. Nichols, who will take possession in a week or two. Mr. Nichols is father of C. A. Nichols in the West Hill district, and who has resided in town for several years.

Wednesday night was clear and cold, but this did not prevent a large crowd from being out to listen to the first band concert of the season given by the Hardwick band, and it gave a good concert from start to finish, and it was greatly appreciated by those who listened to it.

It is probable that the Boy Scout play will be presented to the public during commencement week, on Wednesday evening, June 14. Remember this date.

WANT G. A. R. MONUMENT.

Benefits of Co-operation.

W. B. Eastman has returned from Cincinnati where he has been in attendance at the State Agents' convention of the American Druggists' Fire Insurance Co. There were representatives present from 32 states. As this company has actually saved \$270,380.70 in the past 10 years and it has been retained by policy holders, it demonstrates in a practical way the value of co-operation. After the business meetings were over they were tendered a banquet at which some of the most noted pharmacists and professors of the country were present.
